ARC MICROTECH

arc

equine

ARCEQUINE IS A REMARKABLY SMALL DEVICE THAT IS WEARABLE, DRUG FREE AND NON-INVASIVE. IT WORKS BY AUTOMATICALLY GENERATING A COMPLEX SERIES OF MICROCURRENTS WITH A SIMPLE, ONE FINGER OPERATION. IN FACT, IT DELIVERS OVER 4.6 MILLION PERMUTATIONS WITHIN A SINGLE PROGRAMME TO SUPPORT THE BODY'S OWN NATURAL REPAIR PROCESS. AND JUST LIKE NATURALLY OCCURRING MICROCURRENTS, THEY CAN'T BE FELT, SO CAUSE ABSOLUTELY NO DISCOMFORT TO THE HORSE WHATSOEVER.

THE ARC4HEALTH HAS REGULATORY APPROVAL AS A CLASS IIA MEDICAL DEVICE IN THE AREAS OF PAIN MANAGEMENT AND TISSUE REPAIR IN 33 COUNTRIES. IT'S REMARKABLY SMALL, IS WEARABLE, DRUG FREE AND NON-INVASIVE AND WORKS BY AUTOMATICALLY GENERATING A COMPLEX SERIES OF MICROCURRENTS WITH A SIMPLE, ONE FINGER OPERATION. IN FACT, IT DELIVERS OVER 4.6 MILLION PERMUTATIONS WITHIN A SINGLE TREATMENT PROGRAMME. WHEN AN INJURY OCCURS, THE BODY'S NATURAL ELECTRICAL FREQUENCIES CAN BE DISRUPTED, REDUCING THE PRODUCTION OF ADENOSINE TRIPHOSPHATE (ATP) WITHIN THE DAMAGED CELLS.

ATP IS THE ENERGY PROVIDING MOLECULE REQUIRED FOR ALL METABOLIC CELLULAR PROCESSES – AND IS ESSENTIAL FOR PAIN MANAGEMENT AND TISSUE REPAIR. WHEN TISSUE IS REPAIRED, INFLAMMATION IS REDUCED. AND INFLAMMATION IS HOW THE BODY PERCEIVES PAIN. THE APPLICATION OF MICROCURRENT THERAPY AIMS TO SUPPORT THE BODY'S NATURAL REPAIR PROCESS AND TO HELP IT TRIGGER THE PRODUCTION OF ATP. SIMPLY PUT, THE SOONER THE BODY CAN START A REPAIR, THE SOONER IT CAN FINISH. WHEN AN INJURY IS REPAIRED FASTER, THERE IS LESS CHANCE OF RECURRENCE AS, DUE TO WORKING WITH SOFTER TISSUE, THE REPAIR CAN BE STRONGER.
